Inventory Control Coordinator Job ID 2724

Position Summary

The Inventory Control Coordinator works with Inventory Control Assistants and is responsible for overseeing the daily inventory and supply levels and medical equipment, utilizing computer systems and software, and budgeting.

Job Details

All applicants who may be appointed to these positions will be required to allow DHS to conduct a background check to determine whether the circumstances of any conviction may be related to the job being filled.
All appointees will be required to receive a TB test, which will be administered by CWC or medical personnel approved by the facility prior to their start date.
All state employees are required to report their COVID vaccination status, whether they are vaccinated or not, and must provide supporting documentation if vaccinated. Newly hired employees will be required to submit this information within their first two weeks of employment. At this time, those who are unvaccinated are subject to weekly COVID-19 testing protocols.
These positions require the ability to drive a State vehicle. In order to become authorized to drive a State vehicle, you must meet the requirements of the State of Wisconsin Fleet Vehicle Policy, which are:

- Must have a valid driver's license
- Must have minimum of two years licensed driving experience
- Must be 18 years of age

Additionally, your driving record MUST NOT reflect any of the following conditions:

- Three or more moving violations and/or at-fault accidents in the past two years
- Operating While Intoxicated (OWI)/Driving Under the Influence (DUI) citation within the past 12 months
- Suspension or revocation of driver's license.

Qualifications

In addition to meeting the driver's license and fleet requirements described above, minimally qualified applicants will have:

- Experience with general inventory control duties such as purchasing, tracking inventory usage, stocking supplies, etc.
- Experience using computer programs and software such as Microsoft Office Suite for data entry, correspondence, report production, and/or document creation.

Well-qualified applicants will also have one or more of the following:

- Experience managing the purchasing activities for a unit, company, or organization using a credit card or purchase orders, monitoring budget, and reconciling purchases.
- Experience with general shipping and receiving practices and/or warehouse operations.

Data and Systems Administrator **Job ID** 7046

We are seeking to fill an IS Business Automation Consultant/Administrator in the Division of Facilities Development, Bureau of Capital Budget & Construction Administration. This position will be headquartered at the DOA Office Building at 101 E. Wilson Street, Madison, WI 53703.

Diversity, Equity, Inclusion, and Belonging are core values at DOA that guide how we build our teams, develop our leaders, and create a culture that empowers everyone to be their authentic selves. We believe that when employees are respected and valued for who they are and are accountable for demonstrating that respect to others; it drives greater engagement and collaboration, ignites creativity and innovation, and fosters connection between teams and those we serve.

Position Summary

This position will help lead the Data and System Management team which is charged with serving as the administrator for the systems and software used to manage the State Building Program comprised of 2,000 projects in an active phase of design or construction!

Duties will include leading and serving on the system administration team for the State's capital project management software that manages end-to-end delivery for projects managed by the Division; Overseeing the training and technical support efforts for State and industry partners utilizing the project management software; Supporting current and future integrations between the project management software and other systems such as the State's ERP financial software, construction review software, and a GIS application; Overseeing data management and analysis for the Division's project data; and leading any efforts in the Division to procure and implement new software supporting the implementation of the State Building Program.

Salary Information

This position is in schedule-range (07-32) with an annual salary between $83,200 and $114,088, as well as excellent benefits. A 12-month probationary period is required. Pay for current state employees will be set in accordance with the Wisconsin State Compensation Plan.

Job Details

Due to the nature of the position, DOA will conduct background checks on applicants prior to selection. DOA does not sponsor work visas. All persons hired will be required to verify identity and eligibility to work in the United States, and to complete the required employment eligibility form.

Certain positions within this Department may allow remote/work from home flexibility for a portion of their work schedule, depending on the needs of the position and the work unit. This topic and any remote work flexibility that may be available will be discussed in more detail in the interview process. For positions that do allow remote work flexibility, although residency in the State of Wisconsin is not required for permanent positions, it is not anticipated that working outside of WI or bordering cities will be allowed.

All state employees must report their COVID vaccination status, whether vaccinated or not and provide supporting documentation if vaccinated. Newly hired employees will be required to submit this information within their first two weeks of employment. The State of Wisconsin continues to follow necessary health and safety protocols for COVID. Please visit Division of Personnel Management Coronavirus - COVID-19 (wi.gov) for the most up-to-date information. Guidance may be subject to change.

Qualifications

Qualified applicants will have experience in both of the following:

1. IT project management, business systems analysis and design, systems integration, data management and analysis, content management, and/or vendor management of IT consulting and cloud services.
2. Data management and analysis principles supporting critical business decisions.

In addition, well qualified applicants may have:

3. Experience leading teams either through direct supervision of staff or leading specific projects.
4. Experience with engaging internal and external stakeholders on an IT project.
5. Experience developing and implementing testing solutions for new software applications.
6. Involvement in successful implementation and/or management of an enterprise-wide software application.
7. Experience working on IT projects in a government setting.

How To Apply

To apply, click "Apply for Job" to start the application process. Then, you will access your existing account or to create a new account if you don't have one created. Once you are logged in, click "Apply for Job." Follow the steps outlined in the application process and submit your application.

Your letter of qualifications and resume are very important parts of your application and are used during our evaluation process to determine your qualifications as they relate to the job. For instructions on developing your resume and letter of qualifications for your application and what should be included in these materials, click **here**.

Submitted materials will be evaluated and the most qualified applicants will be invited to participate in the next step of the hiring process for available vacancies. Questions can be directed to Michelle Bassuener by email at michelle.bassuener@wisconsin.gov.

Applications are submitted online. The list of all current openings can be found at jobs.countyofdane.com.

- Begin by clicking on the job you are interested in applying for.
- A description of the job will appear from the right. Click on *Apply* in the upper right-hand corner.
- You will be redirected to a login page. If you already have an account with Dane County, simply log in using your username/e-mail and password. If you have not previously applied for a job, you will need to "Create an account." Set up a username and password and store this information in a safe place where you can easily retrieve it, as you will use it for all future applications. If you have previously setup an account but have forgotten your login information, simply click on *Forgot Username* or *Reset Password*.
- Once your username and password have been established, you will enter other pertinent information in your profile, such as work history, references, additional training, etc. Be as descriptive as possible when filling this out as this is the primary information we will use. You can also attach a resume and cover letter.
- If there are any supplemental questions specific to the job you are applying for, answer them as thoroughly as possible. It is okay to use some of the same information for multiple responses; however, do not put "See Resume", as these will not be graded.
- Lastly, be sure to get all of your information in before the deadline. This is important because once the deadline passes, you will no longer be able to submit your application (I.e. If the deadline says 4:30pm, 4:29pm will be the last possible minute that you can submit it.)

If you have questions, you can contact me directly, or Employee Relations at employee-relations@countyofdane.com. Problems with the links? Visit the full page: https://www.governmentjobs.com/careers/countyofdane.

Lastly, please check the Office for Equity and Inclusion (OEI) in the referral box.
